

LET US PRAY

The Holy Rosary

In this system of learning to pray the Holy Rosary there are beads to represent prayers that are commonly said as part of the rosary but not indicated in the usual format of rosary beads. All the beads are color coded to facilitate learning.

The bead colors match the page colors of the fandex booklet. For example, whenever you come to a yellow bead look at the page of the booklet with the yellow border for the proper prayer.

The hand painted cross comes from La Palma Mission, El Salvador.

The contents of this kit are intended for educational and prayer use and not as a toy. Caution should be used as small parts may pose a choking danger for infants and small children.

The Fandex Booklet is in English and Spanish.

Beginning from the **LET US PRAY** cover the pages are in English. If you begin with the **OREMOS** cover the subsequent pages are in Spanish. You can learn the Rosary in your own language or learn it in a new one. The **Joyful, Luminous, Sorrowful, and Glorious Mysteries** are all included. Each **purple** page contains a short meditation and art by a child as a reflection of the theme.

Audio Cassette

Members of the Community of the Little Ones of Jesus Crucified and Catholic home school children pray the rosary and hope that children, parents, teachers, Catechemens - everyone - will pray along with them. The Rosary is prayed in English on one side of the tape and in Spanish on the other side.

The tape includes excerpts from an original song composed and performed by Marianne Mastropolo, *Ave Maria de Alegria*, copyright 1999, all rights reserved. If you are interested in more of her music you may contact her at deosphere@att.net.
